**Phone:** 630-310-6686

## SUMMARY

I have over five years experience programming responsive web applications. I specialize in front-end development using modern JavaScript frameworks. I would like to improve in databases and network security. I believe in simple interfaces that provide powerful functionality.

## EDUCATION

DePaul University, Chicago IL. Expected May 2016  
Bachelor of Science in Computer Science 3.125 GPA  
Designation, Chicago IL. Summer 2014  
Full-stack design bootcamp Graduated with Recommendation

## EXPERIENCE

Developer at Pixl LLC. June 2015 - January 2016

- Worked with former classmates at Designation.io to design websites for clients
- Developed an enterprise React.js application with team members around the world
- Collaborated closely with design team to establish front-end identities for clients

Freelance Front-end Development December 2014 - June 2015

- Maintained several WordPress sites while attending school full time
- Worked with a bankruptcy lawyer in Georgia and a commodity trading network.

Intern at Neoteric Design June 2014 - July 2014

- Developed and designed an internal Ruby on Rails application
- Application was created to track client's progress during website development

Intern at Plum Tree Group June 2013 - August 2013

- Development Intern at a mid sized Marketing agency
- Created a few HTML newsletters and taught teammates about front-end technology

## SKILLS
